However, they may be tax deductible as ordinary and necessary business expenses subject to restrictions imposed as a result of association lobbying expenses. As required by Section 6033 of the Internal Revenue Code, NAVA estimates that the nondeductible portion of 2017 dues paid by Oregon Operators, Washington Operators, and Associates - the portion which is allocable to lobbying - is 100%. NAVA estimates that the nondeductible portion of 2017 dues paid by Alaska Operators- the portion which is allocable to lobbying - is -0-%. Therefore, only dues less that percentage may be deducted by you as an ordinary and necessary business expense for your 2017 tax year.

# NAVA- WHAT & WHY?

The **Northwest Automatic Vending Association**, a regional council chartered by the *National Automatic Merchandising Association*, is an independent regional trade association of vending machine operators, suppliers, distributors, brokers, and manufacturers. **NAVA** works to promote the common interest and general welfare of the automatic merchandising industry in Alaska, Oregon, and Washington, to improve the industry's service to the public, to cooperate with government officials in advancing the public interest, and to improve business conditions within the industry in the Northwest.

Everything which affects vending in the Northwest affects your industry business. Only organized effort can counteract harmful measures and only united action by those who own and operate businesses in the Northwest can effectively speak for the automatic merchandising industry in the Northwest.
